- Send Inquiry or Reply to

- A new tab **Other Regulatory Documents** has been added in the approved main study workspace in order to allow IRB staff to upload documents without having to request an AM be submitted.

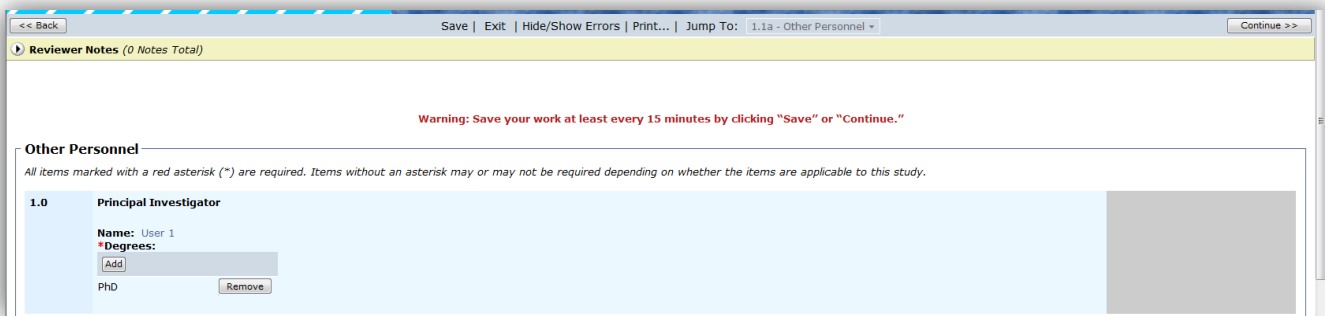

- The **History** tab of the study workspace now records the action when a Continuing Review or Closure is withdrawn.

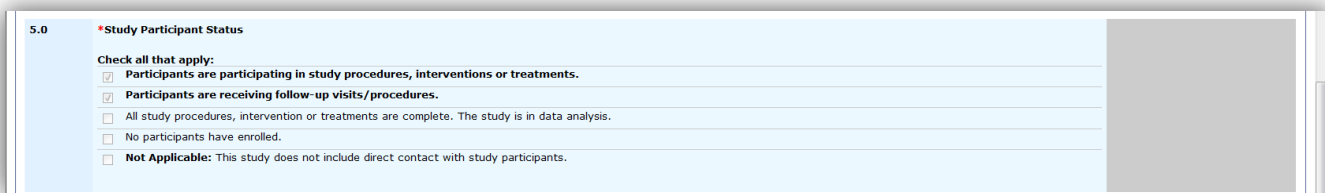

- In the CR workspace, if a FS has been assigned for the study, the field for the FS assurances will now indicate "pending" as the status instead of "Not Required"

2. The following changes have been made to the applications:

- Section 1.1a Item 1.0 for New and AM applications has been modified to require the PI's degrees. Subsequent Items in that section have been renumbered.

- Section 1.1/Item 5.0 of the PAR application has been modified to add a checkbox for "No Participants have Enrolled".

- The **Suspend** activity is no longer available for PIs. However, the **IRB Administrator Suspend** activity remains for IRB Staff and Directors.

4. The following changes have been made the meeting agenda and minutes:

- The Quorum field has been removed from the "Prepare/Confirm Meeting Attendance" page in the agenda workspace.
- When a project is assigned to a meeting and then withdrawn by study staff, the project will still be listed in the meeting minutes.
